Soft Flowing Avon.

The following exquisite stanzas have been [illegible] for us by one who appreciates them.

Flow on, soft flowing Avon, by thy silver stream
Of things more than mortal sweet Shakspeare would dream,
The fairies by moonlight dance round his green bed,
And hallowed the turf is that pillows his head.

The love-stricken maiden, the soft-sighing swain,
Here rove without danger, and sigh without pain;
The sweet bud of beauty no blight shall here dread,
For hallowed the turf is that pillows his head.

Here youth shall be fam'd for their [illegible]
And cheerful old age feel the spirit of youth;
And the raptures of fancy here poets shall [illegible]
For hallowed the turf is that pillows his head.

Flow on, silver Avon! in song ever flow,
Be the swans on thy bosom still whiter than snow,
Ever full be thy stream, like his fame may it spread,
And the turf ever hallowed which pillows his head.

Boundary Line Commissioners.

The Commissioners to "fix" the boundary between New York and Connecticut got to work last week. The object of the Commission is to survey the line, discover as far as possible the old landmarks, erect new ones where necessary, and locate the line where there is dispute concerning it.

In the very old times, as will be remembered, the Dutch of New York claimed up to the Connecticut River. In 1664 the first formal line was run. It struck from Mamaroneck Creek N. N. W., till it crossed the parallel of latitude that bounds Massachusetts on the south, but as it gave, in the Northwest, a corner to Connecticut even West of the Hudson River, it was speedily set aside. In 1680 a line was established, giving New York a strip 20 miles wide to the east of the Hudson for the whole width of Connecticut. But the towns of Stamford and Greenwich wished to be in Connecticut, and to humor them it was agreed to take a gore enough from Connecticut to the north of those places to keep the balance even. Hence the zig-zag line that separates the "land of steady habits" from the Empire State.

KIND WORDS.—They never blister the tongue or lips. And we have never heard of any mental trouble arising from this quarter. Though they do not cost much, yet they accomplish much. They help one's own good nature, and good will. Soft words soften our own soul. Angry words are fuel to the flame of wrath, and make it blaze more fiercely.

Kind words make other people good natured. Cold words freeze people, and hot words scorch them, and bitter words make them bitter, and wrathful words make them wrathful. There is such a rush of all other kinds of words in our day that it seems desirable to give kind words a chance among them. There are vain words, and idle words, and hasty words, and hateful words, and spiteful words, and silly words, and profane words, and boisterous words, and warlike words. Kind words also produce their own image on men's souls. And a beautiful image it is. They smooth, and quiet, and comfort the hearer. They shame him out of his sour, morose, unkind feeling. We have not yet begun to use kind words in such abundance as they ought to be used.—*Pascal.*

NEW WAY OF APPLYING LEECHES.—"Well, my good woman," said the doctor, "how is your husband to-day? Better no doubt."

"Oh! yes, surely," said the woman, "He is well as ever, and gone to the field."

"I thought so," continued the doctor, "the leeches have cured him. Wonderful effect they have. You got the leeches, of course."

"Oh, yes, they did him a great deal of good, though he could not take them all."

"Take them all! Why, good woman, how did you apply them?"

"Oh! I managed nicely," said the wife, looking quite contented with herself. "For variety's sake, I boiled one half, and made a fry of the other. The first he got down very well, but the second made him very sick. But when he found he was quite well enough," continued she, seeing some horror in the doctor's countenance, "then he was better the next morning, and to-day he is quite well."

"Umph," said the doctor, with a suspicious shake of the head, "if they have cured him that is sufficient, but they would have been better applied externally."

The woman replied that she would do so next time, and we doubt not that if ever fate throws a score of unfortunate leeches into her power again, she will make poultice of them.

I like pictures, without knowing anything about them, but I hate coxcombry in the fine arts, as well as in anything else. I got into dreadful disgrace with Sir George Beaumont once, who, standing before a picture at Bowood, exclaimed, turning to me, "Immense breadth of light and shade!" I innocently said, "Yes, about an inch and a half." He gave me a look that ought to have killed me.—*S[illegible] Smith.*

"Sam, wat fish in de salt water weighs de least?" "Why, Julius, what ignorant questions you ax yer colored brethren! [illegible] weighs de least, of course." "No, no, sah, dat's wrong now; it am de porpus, sah, de porpus weighs nothing—cos why, he [illegible]"

"I heartily concur in all movements which have for their object to repair the mischief arising from the violation of good faith in the repeal of the Missouri Compromise. I am opposed to Slavery in the abstract, and upon principle, sustained and made habitual by settled conviction. While I feel inflexible in the belief that it ought not to be interfered with where it exists under the shield of State sovereignty, I am as inflexibly opposed to its extension on this continent beyond its present limits."—JOHN C. The "Sentinel" for the Campaign.

As many persons may be desirous to obtain the *Sentinel* for the Campaign, without ordering it for the full term of a year, we publish the following rates, at which we will send one or more copies of our several editions, from July 15th to December 1st. As the Election occurs Nov. 4th, this ought, in these days of telegraphs, to enable us to give the result in all of the States of the Union except California, in the last number.

DAILY,	$2 50
TRI-WEEKLY,	1 25
WEEKLY,	37½

The above rates for the Daily and Tri-Weekly are somewhat less than our regular terms. For the Weekly they are the same as $1 per year. CIRCULATE THE DOCUMENTS.

THE SENTINEL FOR THE CAMPAIGN!

"Circulate the Documents!"

We invite the attention of our readers to the notice of our campaign paper, and request their aid in securing for it the most extensive circulation possible. The vital issues involved in the coming Presidential campaign demand from all of us, who believe our Government was established and our Union formed, to perpetuate the blessings of LIBERTY, not the sin and shame of *Slavery*, every effort and sacrifice that we can consistently make. Since the days of the Revolution, there never has been such an imperative call upon the American People to rise in their might and strike a decisive blow for FREEDOM, HUMANITY and JUSTICE. If we triumph now, the onward march of Slavery aggression will be effectually stopped, the spirit of the Constitution preserved and the integrity of the Union maintained. If we fail, the dark tide of Slavery will flow on unchecked to the Pacific, submerging beneath its desolating waters the fair central plains of the Republic and sending up noxious vapors which will poison the moral and political atmosphere of the whole American continent.

The People are not insensible to the vast importance of the coming struggle and will, we rejoice to believe, do their whole duty in the premises. But there are many portions of our State which need light, and where papers and documents, treating of the questions of the campaign, can be circulated to good advantage. It is into these dark corners that we urge our friends to send our own, or some other good campaign paper. We repeat here the advice we have often given, that in every instance preference should be given to the *local* Republican papers. Next to them we shall be glad to send the *Sentinel* at the low rates offered in our prospectus. We invoke our friends to take early and efficient action in this matter. No time is to be lost, if WISCONSIN is to be thoroughly roused and rallied to the fight. Send in the names!

Camp Dearborn, Chicago.

The Grand Military Encampment at Chicago, which commenced Tuesday last, broke up on Saturday. Altho' inferior in number to the expectations of the hosts of the occasion, it was far the largest and finest military spectacle that has yet been seen west of the Lakes, and went off as creditably and pleasantly as could have been expected from a first attempt. The camp ground was delightfully situated about 4 miles south of Chicago river, and but a short distance beyond the thickly built portions of the city. A thick grove of trees formed the back ground; the blue waters of Lake Michigan glittered on the right, and the smooth green prairie lay in front and spread far away to the left. The tents were pitched in due order and the Camp arranged according to military rules. A number of very fine companies, mustering a total of 542 officers and men, composed the Regiment. The officer in command, in the absence of Col. BISSELL, detained by ill health, was Col. J. L. JENKINS, late of Auburn, N. Y., but now a citizen of Chicago. He proved himself an excellent officer, and speedily became a prime favorite with all in Camp. Among the "crack" companies present, were the Detroit Light Guard, Capt. WILLIAMS, and the Chicago Light Guard, Capt. WYMAN; both very fine corps, richly and tastefully uniformed and in excellent drill. Our own Milwaukee Light Guard, though more plainly attired than the Detroit and Chicago Companies, lost nothing by comparison with them in respect to soldier-like appearance, strict discipline and orderly conduct. Our Chicago hosts were indefatigable in their efforts to make their guests comfortable and contented, and they succeeded to admiration. The Parade on the third of July was a splendid one, and all Chicago was out to see it. The Fourth was celebrated in grand style; the whole command going into the city, marching thro' the principal streets, and attending the presentation of an elegant banner from the Duquesne Greys to the Chicago Light Guard. In the afternoon the officers of the several companies partook of a sumptuous dinner at the Tremont House, given by the Chicago Light Guard to their guests from abroad. On Saturday, the fifth, the different companies struck their tents and started homewards, parting with each other as fast friends; looking forward to a pleasant reunion next year, and all joining heartily and enthusiastically in repeated rounds of cheers to CAPT. WYMAN, of the Chicago Light Guard, and the officers and men of his fine command, and to the citizens of Chicago, for their abundant kindness and unstinted hospitality. So ended "Camp Dearborn," and when next the tents of our citizen soldiers are pitched by those of their brothers-in-arms from Detroit, Chicago, Pittsburg, &c., may we be there to see.

Our Milwaukee Light Guard returned on Saturday night by Railroad, being indebted to the Superintendent of the Illinois and Wisconsin Lake Shore R. R., for a free ride home. They reached their armory just in season to escape a heavy shower, and before being dismissed, were warmly complimented by their commanding officer for their uniform good conduct during the encampment; for the zeal and spirit with which they had gone thro' all the duties of the camp, and for the manner in which they had maintained the credit of their corps and of their city during the five days of field duty at Chicago.

From Our New York Correspondent.

NEW YORK, July 2.

In the bitterness of disappointment at the coldness evinced in his behalf by the Southern States which he has so assiduously courted, or under that sort of delusion which has misled so many stronger men than he in the chase after the Presidency, Mr. Fillmore in his Albany speech has spilled all the little milk there was in his little dish of Presidential aspiration. His one card was fidelity to the Constitution and the Union—his one appeal to what are called the conservative interests of the country—of which Slavery is by some accounted the chief. All these he kicks at, and kicks over in that ill-starred speech, in the which he out-nullifies Calhoun, and in plain terms exhorts the Southern States, if a President shall be elected without their consent or co-operation, to refuse obedience and to nullify. He tells us, if not in terms, at least in substance, that to elect a President by the voice of the Free States alone is a wrong done to the Union, a mockery of the Constitution, and such an outrage upon the Slave States as to authorize and justify them in refusing to submit to such an election!

Was the like ever before heard! Where does Mr. Fillmore, in the Constitution, or in the laws made under it, find his warrant for this most absurd declaration, which is only not mischievous because Mr. Fillmore's weight with the nation is too insignificant to give it even a chance for life, or influence, or currency. Think of this monstrous proposition, of nullification, thus authoritatively pronounced by a man who has thro' accident been the President of the U. S., and now seeks to be made so by choice!—a President elected by more than *sixteen millions* of freemen—for about such was the population of the free States in 1855—is to be resisted and declared unlawfully elected, because less than *ten millions* of federal population, of whom more than *three millions* are slaves, opposed his election! Was the like ever heard of from a man in his senses? Why, this out-Herods the mad-caps of Slavery themselves. They, at furthest, only claim an *equality* for the States, and that each State, however disproportionate their wealth, population and productiveness, shall be equal, politically, with each other State; but here Mr. Fillmore claims that a majority of nearly two to one of white freemen, shall have no legal power or authority to elect a President, because the minority are all from Slave States!

Truly, Mr. Fillmore is an admirable specimen of a Union man, who sees no validity in any political action that has not the assent of Slavery and its representatives! But it is all in vain; Mr. Fillmore cannot get a single electoral vote from among all these slave-holding States, great and unscrupulous as have been his efforts to conciliate them. The public sentiment of *this* State—out of the city, and the influence of the Custom House and cotton-dealing patriotism—is all one way, and New York will, in November, make a response to the Philadelphia nomination, and the admirable platform there adopted, which will leave no doubt of the devotion of the freemen of the State to the Constitution and the Union for Liberty.

The latest accounts from England, although no official decision had been made or announced by the Government as to the effect and result of Mr. Crampton's dismissal, lean so decidedly to the impression that Mr. Dallas would not be sent away, nor any interruption of friendly relations between the two countries result, that affairs of business go on here with accustomed confidence. So far as Mr. Crampton may appear to the British Government to be wronged personally by being dismissed from Washington, they can make it up to him by giving him a better place; and thus shew that they do not assent to our view of his conduct quite as satisfactorily to him, and much less injuriously to both nations, than by making what is merely a question personal to Mr. Crampton a question of discord between two great peoples. We have—the people of England and the people of America—too many common bonds, too many common interests, too many common duties to Liberty, Civilization and Christianity, to make the idea tolerable for an instant, that war could be waged between us on such a ground of quarrel as that of personal obligation to an ambassador while disclaiming any purpose of disrespect or quarrel with his Government.

Of the mind of the English people on this subject, the admirable address to the people of America of the citizens of Manchester may be taken as conclusive proof. I enclose it, for publication in the *Sentinel*, if peradventure it should not already have found a place there; and I could heartily wish that every clergyman in the land would from his desk read this Christian argument—for it appeals to all who believe in the Providential government of the world.

[The following is the address above alluded to:]—

"Address to the People of America by the Citizens of Manchester.

Friends and Brethren: We venture to address you under a deep feeling of solemnity, occasioned by the perilous condition into which the relations of our two great countries are thrown by the misconception of our respective governments. Whatever may be the errors of either or both of these governments, we cannot forget that we have to do with a people who, for domestic enlightenment, commercial enterprise and political importance, take rank among the first nations of the earth; and who, by expansion, increase of population, and Christian philanthropy, promise at no distant period to attain the highest degree of influence among the governments of the civilized world.

A brotherhood of race and community of interests have sprung up between our two nations, more intimate, more continuous, and more comprehensive than the world has ever seen before. Never in recognized history were two great communities so closely allied by blood, or so intimately blended by their common interests; and never before was it given to world to witness a union where so much was involved of the wealth, the prosperity, and the happiness of distinct states, each having its separate government, and being under the control of its own independent laws. We are, therefore, all the more alive—and allow us to add, tremblingly alive—to whatever may affect this union, and interrupt the harmony that has so long existed between us to our reciprocal advantage, and we believe to the benefit of the whole world.

Providence has made us mutually dependent—so much so, indeed, that whatever would seriously injure the one, would, to an equal extent seriously injure the other. As the direct consequences of this providential arrangement, we are equally interested with yourselves in the material that is grown in your fields, the shipping that conveys the cargoes to every market of the universe, and in the endless train of relationships that the princely commerce of the world has interwoven between us for its own auxiliary support. In a word, we are of one blood, of one family, and of one religion—our sons, by long continued emigration, are spread over your soil, and you have made them happy by every domestic endearment—a higher than human destiny has made our interests identical, and interwoven the prosperity of the one state with the prosperity of the other; we are, therefore, placed among the nations in a position to show what national friendships may accomplish, where rivalry is directed to a common good, and where success is equally shared between the rivals. And shall war be permitted to sever us? Shall battle and bloodshed, conflagration and the sword, be allowed to divide those whom God and mutual interest have made one; and to convert into national enemies brethren by blood, by race, and by religion? In the name of humanity and civilization—in the name of our common Maker and His holy faith, which both nations profess to believe and practice, we say no! There is no sacrifice of time, of wealth and of influence, that we would not be ready to make to prevent so dire a catastrophe among mankind—a catastrophe that we would believe would more directly tend than any other possible event, to throw the world back into the barbarism of the feudal ages, and to furnish despotism with a plausible pretext for banishing every form of constitutional government from the face of the earth.

We implore you, therefore, brethren, in the name of all that is sacred and valuable among mankind, to employ such methods as your judgement shall approve of restraining your government in any warlike tendency that it may have exhibited, assuring you that we, on our part, will exert ourselves to the utmost of our power to produce a similar effect upon the government of the British Crown. We believe that much of the dispute that now imperils the peace of the two countries has arisen in mistake, and not in design—and we further believe that a calm and quiet survey of the question, will even yet lead to a satisfactory solution of every difficulty, and to the removal of every cause of contention and complaint.

This we are convinced may best be done by submitting the whole case to the arbitration of some power friendly to both; and while such a course would avoid the havoc, the cost, and the disgrace of war, it would tend to make our union firmer than ever, and through our example to exhibit the superiority of constitutional liberty and of Christian faith to the civilized world. We therefore, brethren, implore you to exert your utmost influence with the government of the United States in favor of this method of averting the calamities of war, assuring you with all solemnity, that we will do the same, to the fullest extent of our power, with the government of her Majesty, the Queen of Great Britain; and sincerely praying that our mutual efforts may be attended with complete success, we remain, yours, in the bonds of an inseparable national friendship.

The Kansas Bill in the House.

The Bill Passed!

On Thursday last, the motion of Mr. Barclay of Pa., to reconsider the vote by which the bill to admit Kansas into the Union with the Topeka Constitution was rejected, was called up and carried by 101 yeas to 99 nays.

The bill then *passed*, by 100 yeas to 97 nays.—A brief letter from Mr. Greeley in another column gives some analysis of the vote.

This is the only fair and just bill—the only one that ought to pass, but it stands no chance in the Senate, which body will no doubt stand by Douglas' deceptive and hypocritical bill, the effect of which is simply to leave the Missourians in full possession of Kansas.

Of the 100 Ayes, but *three*, Messrs. BARCLAY and HICKMAN, of Pennsylvania, and SPINNER, of N. Y., are democrats. All of the 97 Noes are democrats, many of them from Northern States, together with the whole Fillmore Know-Nothing strength, North and South.

Kansas Triumph in the House.

Editorial Correspondence of the N. Y. Tribune.

WASHINGTON, Thursday, July 3.

The House has to-day nobly redeemed itself. After considerable filibustering on the part of the South, the decision of Monday, on motion of Mr. Barclay, was reconsidered by a vote of 101 to 97. Mr. Barclay sustained himself well throughout. Mr. Mott, who has been sick in New York, was present; Herbert, (Adm.), the alleged murderer of Keating, was in jail, and Payne (South American) was also absent without having paired off. Mr. Ohaffee, who was again absent and sick, had paired with Mr. Cardle. Haven, Whitney, Valk, Wheeler, Dunn, Scott Harrison & Co., voted with Brooks, Rust, Herbert & Co's Ruffian party. The North is quite elated, and Douglas, Toombs & Co. are dejected.

The Brooks case will come up on Tuesday.—Mr. Sumner is reported to-night not quite so well. He is remaining at Mr. Blair's. H. G.

EMIGRATION FROM NORWAY TO THE U. S.—The *Allegemeine Zeitung* states—"The emigration from Norway to the United States is very considerable this year. Several large ships from different parts of Norway, with a full cargo of emigrants, have left for America. The bark Juno, of Bergen, sailed a few days ago with 130 passengers. Seven other ships, with 1500 emigrants, will leave this port for the United States shortly.

"Several of these persons have left behind good farms, and the emigration fever in some parts of Norway is so great, that the value of property has fallen considerably."

BADGER STATE BANK.—We learn from the Janesville *Standard*, that GRANVILLE B. SMITH has been appointed Assistant Cashier of the Badger State Bank. We cheerfully endorse what the *Standard* says, in regard to this appointment:

Mr. Smith has been connected with this bank—with but a short interval—ever since its establishment in this city, and his urbanity as a man and qualifications as an officer of a Banking institution, render his appointment to the place named, one "eminently fit to be made."

ANOTHER RECRUIT FOR FREEDOM.—The Ratification meeting of the Fremont Club in the ninth Ward of the city of New York, on Friday evening last, was addressed by Messrs. E. D. HOLTON and DAVID NOGGLE, of this State. Mr. NOGGLE has been one of the most influential democrats in Rock County, and it gives us great pleasure to welcome him into the FREMONT ranks. Every day brings us similar accessions. The cause of "Free Men, Free Land, Free Speech and FREMONT" is dear to the hearts of the American people.

VOTE IN THE CARS.—Yesterday morning a vote was taken on the in-train of the M. & M. Rail Road, which resulted as follows: Fremont 61, Buchanan 13. Several of our ex-State officials were on board, and as soon as the vote was announced some one cried out "hurry up the supplements!" This allusion to a notorious feature in the last State canvass "brought down the house."

Milwaukee & Lake Superior R. R. Co.

The Directors of the Milwaukee & Superior R. R. Co. made a proposition a short time since to the Board of Supervisors of Ozaukee Co., to issue to that County 2000 shares of full paid stock, on condition of the receipt of $200,000 in the bonds of the county in aid of their important enterprise. The Board of Supervisors have *unanimously* agreed to the proposition, and have ordered an election by the people to be held on the 24th of this month to decide upon the question.

A FREE STATE OR NO STATE AT ALL.—Senator Hamlin, of Maine, in his speech at the Fremont ratification meeting in Boston, said he knew Col. Fremont in the dark days when California was seeking admission into the Union.—His language then was: "Let California come as a Free State or none at all."

This is the spirit of the man. What he did for California he will do for Kansas.

REPUBLICAN GATHERING AT JANESVILLE.—On Thursday of this week, the 10th, the people of Rock county are to have a grand gathering at Janesville to ratify the Philadelphia nominations and organize for the campaign. There will doubtless be a great number present, as the people of that staunch old county are thoroughly awake to the issue of the day, and if any of our citizens wish to know how the hearts of the farmers beat for Liberty, let them go out to Janesville that day. *The fires are started on the prairies!*

GOOD GRIT.—At the close of the great Republican Ratification meeting at Rosendale, Fond du Lac Co., Hon. B. Pinckney offered the following resolution, which was adopted amidst hearty cheering:

Resolved, That we, the Republicans of the West Assembly District of Fond du Lac Co., do this day pledge ourselves to our brother Republicans of the State, to *roll* up nine hundred majority for the coming contest, for Free Kansas, Free Speech and *Fre-mont*, and we say to the other Assembly Districts of the State, *Beat us if you can!*

A NEW POST OFFICE.—A new Post Office has been established at Clinton, Calumet County, on the route from Menasha to Plymouth. The office is called High Cliff, and H. R. Raymond has been appointed Post Master.

Land Offices Opened.

NOTICE FOR RESTORING LAND IN WISCONSIN.—Notice is hereby given that the Land Offices in Mineral Point, Stevens Point, and Menasha, in the State of Wisconsin, will be opened to sale and location of any of the lands in said districts which were subject to entry and location at the date of their recent withdrawal by notice No. 560, on and after Monday, the 4th day of August next, except the following townships, reservation of which will be continued, viz:

OFFICE AT MINERAL POINT—Townships 11 to 14 inclusive, of ranges 1 to 8 East inclusive.

OFFICE AT STEVENS POINT—Townships 15 to 22 inclusive, of ranges 2 to 6 East inclusive.

Townships 15 and 16 of range 7 East, and township 15 of range 8 East.

OFFICE AT MENASHA.—All the townships in the district situated between townships 14 and the Michigan State line, in ranges 13 to 20 inclusive.

Given under my hand, at the General Land Office, at the city of Washington, this 12th day of June, A. D. 1856.

Commissioner.

ON BOARD STEAMER SULTANA,
AT LEAVENWORTH, K. T.
June 29th, 1856.

MESSRS. R. KING & CO.:

Thinking you would like to hear from one who has seen the Elephant almost to his satisfaction, I take this opportunity to inform you of some of his movements. I started from Horicon, Dodge County, Wisconsin, where I reside, June 20th, for the purpose of visiting Kansas, to see for myself the situation of affairs at that place. I arrived at St. Louis on the 24th; took passage on the steamer Sultana for Leavenworth city.—There were about fifty passengers on board, nearly all expecting to become actual settlers in K. T. On the 27th we met the Star of the West with a company on board from Chicago. They hailed our boat; said they had been robbed of all they had; were forbidden to land; were returning; two men went on board to learn the circumstances, when an armed guard made their appearance; forbade another man from coming on board, and their boat left immediately with two of our men. I then learned that 40 of our passengers were from Massachusetts under the direction of Dr. Colvin Cutler, of Warren, Worcester County. They had on board their farming utensils and arms for defence. All went well until we arrived at Waverly, just after dark, when a gang of men came on board and demanded all the rifles on board. On looking upon the shore we saw from two to five hundred men all armed with muskets. On consultation, the Doctor concluded to give up a box of rifles upon the express condition that they would be delivered up on our return, for we had been assured that we should not be allowed to land. They left a committee on board and we proceeded. The next morning we were aroused by the roar of cannon. It was soon confusion in the cabin; about fifty men rushed on board, loaded with knives and revolvers. They acted like perfect madmen.—A bloody fight seemed inevitable, but by the firm coolness of the Doctor order was restored, and the boat proceeded to Independence Landing, where we were again saluted with cannon, and another company, commanded by Captain Shaw and C. H. Bledsoe—two of the most bloodthirsty villains imaginable. Their principal conversation was, "Hurrah for Old Buck—damn the Abolitionists—we'll give you hell!" They determined to sack the boat; the boys immediately secreted all the arms they could, and threw the balance (about thirty) overboard, without being discovered. Every room was searched; two or three rifles and a few pistols were found. They then placed a strong guard in every quarter of the boat, and thus we proceeded on, and were again most outrageously insulted at Kansas City. I had paid my fare to that place, but was not allowed to go on shore. What disposition will be made of us, I cannot tell—most probably we shall be sent down the river in the same boat that we are on. I will give the full particulars as soon as I return home. I am too much excited at present to write intelligibly. There is a steamer now coming along side. I shall send this to St. Louis by that boat if possible.

Yours, ALEX. VOORHEES.

THE FOURTH AT RIPON.—They had a glorious time at Ripon on the Fourth. The gathering of the People was very large; WILLIAM STARR presided; Mr. S. M. BOOTH, of the *Free Democrat*, delivered the address; the sum of $1026 was raised for "Free Kansas," and the assembly district pledged for *nine hundred majority* for FREMONT. The "Rural Districts" are all alive and will give a glorious account of themselves in November.

A HEAVY MANUFACTURING ESTABLISHMENT.—We are pleased to learn that an Eastern firm have purchased a large strip of land just below the "Genesee Flouring Mills" in this village, and secured a supply of water sufficient to run machinery to the extent of sixty horse power. They have already commenced the construction of a Saw Mill and will follow it with a Foundry, Chair and Bedstead Factory, Machine Shop, &c. &c., all on the most extended scale. We learn that they purpose to have a capital of $100,000 employed within a year.

And still there is room and business for a vast number of equally as heavy establishments.—*Appleton Crescent.*

A New Dodge.

The Slavery Democracy, the old Cotton men, and the Fillmore men have lately discovered a new horror, and are making the most of it. Mr. Fillmore, in his late speech at Albany, absolutely encouraged the Slave states to a mutiny—to nullification,—if Fremont and Dayton should be elected! The Philadelphia *Intelligencer* takes the same ground in the following paragraph:

These (Fremont and Dayton) are purely sectional nominations, both the candidates hailing from Free States. This is the first time in the history of the Government that such a course has been pursued by any party. Heretofore the different parties have always taken their candidates from the two opposite sections of the union. But the fifteen Southern States are excluded entirely by these Abolitionists. Fremont and Dayton cannot carry a single electoral vote south of Mason & Dixon's line, and if elected at all, will be elected by entirely northern votes.—Could the South stand such an Administration? Would they, or should they be expected tamely to be insolence of these Black Republican despots? Self-respect, to say nothing of their recognized and undoubted rights under the Constitution, would inevitably lead them to secession, and that would be followed by protracted and bloody civil war, for no peaceful dissolution of the Union can ever take place.

To say nothing of the miserably poor policy of attempting to bully the freemen of the North longer with threats, the fact that the candidates have four several times been arranged the same way is a sufficient offset to all that kind of talk. Says the Lancaster (Pa.) *Express*, published in Mr. Buchanan's own county, in reply to the *Intelligencer*:

In 1824 the Democratic party took both its candidates from the Slave States; as it did again in 1828, when Jackson and Calhoun were elected. In the same year J. Q. Adams and Richard Rush, both from Free States, were run in opposition. In 1836 Harrison and Granger, both from Free States, were run by the Whigs. So that instead of this being the first time that a sectional nomination has been made, it is in reality the *fifth*.

If "self-respect" did not cause the North to secede when Jackson and Calhoun were elected, what peculiar dignity is there attached to the South, that should require them to secede on the election of Fremont and Dayton? Or what are "their recognized and undoubted rights under the Constitution" which the *Intelligencer* considers would "inevitably lead them to secession" in such an event? Will the *Intelligencer* be good enough to explain?

MADISON WATER CURE.—We learn from the Madison *Argus* that Messrs. DELAPLAINE & BURDICK, proprietors of the Lake Side Water Cure, have sold that establishment to JOHN LOCKWOOD, Esq., of this city, for the sum of $18,000. The *Argus* well says of the Water Cure:

This institution now becoming so popular under the management of the eminent Dr. Kittredge, and destined from its location, and peculiar adaptation for hygienic treatment, to become the leading school of the kind in the Union, is justly entitled to the warmest patronage of the people of the State; and we trust that while the citizens of Madison point it out as one of the most beautiful attractions of our city, and honor it with frequent visits, the fact will not be lost sight of that we are indebted for this charming asylum to the indomitable energy and perseverance of its late proprietors, who undismayed by a series of the most discouraging circumstances that attended its construction, have, without stint lavished almost a fortune in the enterprise—erected in the most fitting place in the west, the most splendid establishment of the kind on this side of the Atlantic—secured as Medical Superintendent the first practitioner of the hydriatic art in the country, and in all the appointments furnished for the invalids who may place themselves there, the most comfortable and home-like hospital in the North-West. We have no right to expect anything further from these gentlemen in the way of improvements; yet we venture the prediction that we shall ere long hear from them again and some other monument of their enterprise will indicate their unflagging energy and perseverance.

RAIL ROAD VOTE.—The vote on the subject of loaning the County Credit in aid of Railroads, leaving out the towns of Ceresco, Rosendale and Springvale, (which voted against the loan) is carried by a small majority. There is, however, a serious question whether the vote of these towns, by the wording of the law, does not defeat the loan. Whether this be so or not, so far as any practical aid from the loan, under the circumstances, is concerned, it may be regarded as a dead failure.—*Fond du Lac Herald.*

The receipts of merchandize for the city, and to go forward to the interior, have been heavy for the past week, amounting to 3,252 tons by lake, besides considerable by railroad from the south, and the outward business upon our railroads is good.

Business generally is quite fair for the season, though the scarcity of money still operates unfavorably on all branches of trade. Hopes are entertained that the steady rise in produce will soon bring about relief.

For the week past, nearly every day has witnessed an advance in the wheat market, and the arrival of yesterday, with favorable advices from the East will, doubtless, cause still further advance. The receipts by railroad from the country continue large for the season, and shipments have reached an unexpectedly large figure. The stocks of wheat east are light, and sales heavy at advancing rates. Doubtless, the extensive inundations in France, and the fact, now ascertained, that very little wheat will come from the Russian ports, has gone far to strengthen the market abroad, and given confidence to exporters at home. The advance is a cause of general rejoicing, for dealers in flour and grain have had a hard time of it for some months back.

FLOUR—Very little doing—we make no change in quotations. Transactions scarcely enough to establish prices. Sales of small lots range from $4,50a4,75 for common country No. 1, to $6,00a6,50 for extra city.

WHEAT—Receipts of 60,000 bus, during the week, and shipments of 52,000. Prices advanced steadily, and yesterday everything was taken quick at 1,17a1,18 for spring. Winter selling in small lots at a few cents higher. Very little coming in.

RYE AND BARLEY—nothing doing, the former looking up.

CORN—Improved, though no sales of any importance.—We quote at 35a37, which is 8 cents better than last week.

OATS—Sales for local consumption at 25a26. Our accounts from Ohio and Indiana represent this crop as a failure in a great portion of those States.

POTATOES—75a87½—no new in market yet.

WOOL—Receipts from the country have been fair, tho' not large. Prices are steady at a range of 25a33—the average of sales being about 28c. Choice clips will go above our outside figures.

No change in other articles of produce.

SUGARS—Tendency still upwards. We quote as follows, with the probability of a speedy rise:—

N. O. com to fair	8⅝a9	Pounded C.	11⅝
Prime do	8¾a9⅜	Pounded D. R.	11¾
Cuba	8¾a9⅛	Crushed C.	12
Porto Rico	9a9¾	Crushed D. R.	12⅜
Ref. Yellow	10½a11	Small loaf	12
Ref. White	11a12	Clarified	10a10⅜

PORK—stock very low—not enough to answer home demands—held firmly at $18a18,50 for mess. The stock in New York is nearly one half less than at the same time last year.

LUMBER—Dull at previous rates.

The crops in this State, revived by timely rains, generally look well, without exception, though some are backward. The following paragraphs indicate damage to some extent to wheat in Canada and Ohio, from weevil:

THE CROPS.—There is some inclination to talk down the wheat crops, but as yet we have no evidence of a general falling off from the average of wheat, and this is the one most feared for, it being the report from every quarter that oats and corn are looking finely under the influence of the late rains.

Advices from the line of the Cleveland and Pittsburgh Railroad say that the weevil is at work, and farmers fearing a short crop, are holding on to their old wheat. From Hocking, Perry and Fairfield, a responsible and intelligent correspondent of a River firm writes, that the wheat crops will be "fully as good as the average" yield, but in Ross it will be below. The harvesting commences this week. From the line of the Bellefontaine and Indianapolis Railroad the report is "fine crops." In Indiana the same. Wherever the wheat has been cut, the quantity and quality is reported good. Pretty generally in the northern part of the wheat growing sections of Ohio, the weevil is doing some damage, but how much no one knows, but we are inclined to the belief that it is chiefly confined to the edges of the field, as of that we only hear spoken.—*Cleveland Herald.*

WEEVIL.—We begin to hear considerable complaint from the farmers residing in this region, and in the neighboring country of Welland, C. W., of the appearance of weevil in wheat. A gentleman of this city, owning a farm in the town of Clarence, informed the *Courier* yesterday, that he has one field that will hardly pay the expense of seed and and harvesting. We also learn that large fields of wheat in Welland, are almost wholly destroyed by this insect.—*Buffalo Commercial.*

SPECIAL NOTICES.

NEW FIELD FOR SPECULATION.

THE RIGHT of *Kendall's Double Acting Shingle Machine* is now in the market for the extensive pineries of Michigan. Almost surrounded as it is by Lakes, and interspersed by rivers and other means of communication, renders it the most desirable state in the Union for the manufacture of shingles. Besides an extensive home consumption for the article, the easy access to the eastern markets, and the great Mississippi Valley, will at all times produce a reliable and profitable remuneration. To determine the net earnings of one machine for a single year that rives and shaves from twenty to twenty-five thousand shingles per day requires no very close figuring. To timber owners, speculators and men of enterprise, this opens a new field for speculation as there is no similar invention extant. The great practicability of tee machines can be tested by calling at the Triumph Planing Mill building, Second St., where it is in operation. The State will be disposed of entire, or in districts or county rights to suit purchasers. A few more timber counties yet remain unsold in Wisconsin.

All needed information can be obtained by calling at the above named building, or by addressing

TONICS WON'T DO!

They never did do more than give temporary relief and they never will. It is because they don't touch the cause of the disease. The cause of all ague and billious diseases is the atmospheric poison called Miasma or Malaria. Neutralize this poison by its NATURAL ANTIDOTE, and all disease caused by it disappears at once. Rhodes' Fever and Ague Cure is this Antidote to Malaria, and moreover it is a perfectly harmless medicine. The certificate of the celebrated chemist, J. R. Chilton, of New York, to this effect, is attached to every bottle; therefore if it does no good it can do no harm.

This is more than can be said of Quinine, Arsenic, or any tonic in existence, as their use is ruinous to the constitution and brings on DUMB AGUE, which never allows a person to feel perfectly well for a single moment. In illustration of these truths I annex some extracts from a letter just received from a Physician:

GEORGETOWN, OHIO, March 17, 1856.

JAS. A. RHODES, Esq.:—Dear Sir—Yours of the 2d inst., is at hand. The Cure arrived late last year, and the difficulty in getting any one to try it was greatly increased from the fact that a remedy had been introduced which was growing in favor with the public, as being better than using Quinine—not knowing I presume that the remedy they used to escape taking Quinine, contained the DRUG ITSELF!

This remedy (known as "Smith's Tonic,") would invariably BREAK an Ague, but it did not CURE it, as it would often return with renewed vigor. This one circumstance I deemed in your favor, if I could institute a test comparison between it and your CURE. The following is the result.

Three persons took your "Cure," all of which were cases of "Quotidian Intermittent Fever," of many weeks standing. They had tried Quinine, and other remedies, occasionally missing a chill, but it was (as in all such cases) slowly wearing them out, and laying the foundation of other and severer maladies. I did succeed in effecting a radical cure of all three of these cases with your remedy, and they have not had a chill since. In all three of these cases the "Smith's Tonic" had been used, and would, as before stated, break the chill, but after a period or two had elapsed it would return.

I think there will be no difficulty now in giving to your "Cure" the vantage ground of any other remedy now in use here, &c., &c.

WILLIAM BUCKNER, M. D.

RHODES' FEVER and AGUE CURE, or ANTIDOTE TO MALARIA, the only harmless remedy in existence, is equally certain as a PREVENTATIVE, as a "CURE."—Take it when you feel the chills coming on, and you will never have a single one.

CHILLS AND FEVER.

TO THOSE who are afflicted with this disagreeable and baffling malady, we would state, that after years of hitherto unavailing research, a medicine has been discovered which will, in every case, effect a certain and permanent cure of this dreaded disease. It is not a quack nostrum prepared to extract money from sufferers, for the proprietor offers to refund the money if a cure is not effected after following the directions. He is assured by the evidence of hundreds of cures which they have effected, that this medicine is in reality the remedy so long desired in the Western country. This valuable medicine is prepared in the form of a pill, from the bark of a shrub, which has proved to be a perfect antidote to Malaria. They are simple and plain in their nature, powerful and active in their operation, and perfectly harmless to the system, having no other than a specific effect upon the disease which is truly wonderful. Some persons have stated that these pills must contain arsenic, or some powerful mineral, owing to their quick effect in curing this disease. The proprietor would state that he will pay one thousand dollars to any chemist who will find one particle of mineral in this composition.

Certificates of cure from persons of the highest respectability can be obtained by calling at the Drug Store of HENRY FESS, JR., No. 195 East Water street.

N. B. One great recommendation for these pills are, that they only require about five to effect a cure. Enquire for THAYER'S OMEGA PILL, for the immediate cure of chills and fever or intermittent fevers of every description. Prepared and sold wholesale and retail by FRED. W. THAYER, 607 Washington street, Boston.

A HUMAN LIFE SAVED.

DOWAGIAC, Mich., March 11, 1856.

J. A. RHODES, Esq.—Dear Sir:—As I took your medicine on consignment, "no cure, no pay," I take pleasure in stating its effects as reported to me by three brothers who live in this place; and their testimony is a fair specimen of all I have received:

W. S. CONKLIN told me—"I had taken nine bottles of Christie's Ague Balsam, and continually run down while using it until my lungs and liver were congested to that degree that blood discharged from my mouth and bowels, so that all thought it impossible for me to live through another chill. The doctors, too, did all they could for me, but thought I must die. Nothing did me any good until I got Rhodes' Fever and Ague Cure, which at once relieved me of the distress and nausea at my stomach and pain in my head and bowels, and produced a permanent cure in a short time."

H. M. CONKLIN says:—"I had been taking medicine of as good a doctor as we have in our county, and taken any quantity of quinine and specifics without any good result from 26th August to 17th December. But seeing how nicely it operated on my brother, I got a bottle of RHODES' FEVER AND AGUE CURE, which effected a permanent cure by using two-thirds of a bottle."

S. M. CONKLIN was not here, but both the other brothers say his case was the same as H. M.'s. I sold the medicine to both the same day, and the cure was as speedy from the same small quantity, and I might so specify.

Yours with respect, A. HUNTINGTON.

The above speaks for itself. Good proof as it is, it is of no better tenor than the vast number of like certificates I have already published, and the still greater amount that is continually pouring in to me.

One thing more. Last year I had occasion to caution the public in these words:

"I notice one firm who have taken one of my general circulars, substituted the name of their nostrum for my medicine, and then with brazen impudence end their pamphlet with the exclamation, 'Let the proprietors of any other medicine say as much if he dare,' &c.

Now I take pleasure in saying that the Caution referred to the same "Dr. Christie's Ague Balsam" that is mentioned in the above certificate.

There are several other industrious people who are applying to their poisonous trash all that I publish about my Fever and Ague Cure, or Antidote to Malaria, except the Certificates of Cures, and the certificate of the celebrated Chemist, Dr. James R. Chilton, of N. Y., in favor of its HARMLESS CHARACTER, which is attached to every bottle. These will always serve to distinguish my medicine.

CITY MATTERS.

POLICE COURT, JULY 7.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

John O'Brien was fined $2 for shooting within the city limits. Henry Bennet, drunk, fined $1; Timothy O'Brien do. John Morrison, do. Martin [illegible], disorderly, $3. J Wood drunk and disorderly $1. A. Schmidtner, fast driving on bridge, $2. Thomas Flanegan, shooting within the city limits $2.

Ella Fletcher, charged with being drunk and disorderly, discharged.

FIRE.—Between 6 and 7 o'clock Sunday morning fire was discovered in the upper story of the Phoenix Mills on the Water Power, belonging to Messrs W. & F. SANDERSON. The alarm spread slowly, and some time elapsed before the Department got upon the ground.—Meanwhile the fire had made considerable progress and threatened the entire destruction of the building. The firemen, however, went to work in good earnest and soon had six powerful streams playing upon the building. The torrent of water speedily extinguished the flames and saved the building at the expense of the attic and roof and a thorough drenching. Loss about $4,000, which is covered by insurance. But for the good management and zealous efforts of our Firemen, the loss would have been very heavy.

Notices of Books.

GOSPEL FRUITS; or Bible Christianity Illustrated. A Premium Essay. By MARIA GOODELL FROST.
WALTER BROWNING, or the Slave's Protector. Founded on fact.
GERTRUDE LEE; or the Northern Cousin, by a Lady.
HARRY AND ELLEN, or the Orphan Girls.

We have from F. TERRY & Co the above little books, published at Cincinnati by the American Reform Tract and Book Society. The first named is a prize essay by a lady residing at Janesville, in this state.

The avowed object of the Society, from whose press these books are issued, is to (we quote from their circular)—"Publish such Tracts and Books as are necessary to awaken a decided, though healthful agitation on the great questions of Freedom and Slavery. This is its primary object, though its constitution covers the broad ground of 'promulgating the doctrines of the Reformation,' to point out the application of the principles of Christianity to every known sin, to show the sufficiency and adaptation of those principles, to remove all the evils of the world, and bring on a form of society in accordance with the Gospel of Christ.'"

Success in such a work must be wished for the Society by every good citizen and lover of freedom.

BLACKWOOD FOR JUNE.—We are indebted to the publishers Leonard Scott & Co., N. Y., for an early copy of Blackwood for June. It is rich in attractive reading. Among the contents are Part I of "The Athelings or the three Gifts," a new story; "Winter Sketches," "Travels in Circassia," part II of "The Metamorphoses," "The Naval Review," and "Speculations on the Future."

The publishers desire us to warn their readers against a deaf mute, who passes himself off as their agent and signs receipts for subscriptions to their and other publications. He is an impostor.

AGENT OF THE N. Y. CENTRAL RAIL ROAD.—It gives us great pleasure to copy the following paragraph from the Buffalo *Courier* of July 8:—Capt. COTTON is so well and so favorably known to our readers that it would be superfluous to say a word in his praise. The New York Central R. R. Company could not have made a better selection in our State. Capt. COTTON, we are happy to hear will once more make Milwaukee his head quarters.

We learn that the New York Central Railroad Company have appointed J. H. Cotton their General Agent for Wisconsin and Minnesota, and that Captain C. will enter at once upon the discharge of his new duties. The Company are fortunate in securing the services of one so competent to look after their interests, and who, from his extensive acquaintance and troops of friends in the Northwest, will prove one of their most valuable agents.

CORRECTION.—We were in error in stating yesterday that Mr. HARRINGTON, formerly connected with Howard & Rorick's Commercial College, had become connected with BAILIES & LINCOLN's establishment. We learn that Mr HARRINGTON, who has been conducting the former concern for some time past, has sold out his interest in it to Messrs. B. & L., and has left the business, so that the institution conducted by the latter is now the only one of the kind in the city.

COMMON COUNCIL PROCEEDINGS LAST NIGHT.—An ordinance to compel sail vessels to pass through the bridges by means of tugs or other steam power, was passed.

The plans and specifications of Huron Street Bridge were laid before the Council and adopted.

The Harbor Committee and Comptroller were authorized to contract for the dredging of the Milwaukee river from Spring street to Cherry street.

WATERWITCH, No. 2, OF JANESVILLE.—This fine company of firemen returned home on Saturday morning having behaved like men throughout their expedition, made themselves many friends, and created a good impression of the Janesville boys among all who became acquainted with them, always including the "girls they left behind them" at Beaver Dam, disconsolate.

LAUNCH TO DAY.—The new vessel just finished by Capt Barber will be launched to day at 4 o'clock P. M. She is a splendid model and does credit to her builder. After the launch she will be taken up the river in tow of the Tug, accompanied by a band of music.

She is owned by Philip Lawrence and Capt Saveland of the Josephine Lawrence. Capt. Saveland will transfer his colors to the new vessel.

RISE IN LARD OIL.—Messrs. Patton & Williams give notice that they have this day received advices of the rise of Lard and Lard Oil, in Cincinnati and St Louis and that from this time until further notice, their prices for Oil will be five cents per gallon advance from the old rates.

STEAMER ARCTIC.—A party from our city who took a trip hence to Sheboygan and back with Capt. McKAY, of the steamer *Arctic*, on Saturday, desire us to acknowledge for them his constant attention to their comfort, and to say that they have voted him unanimously a whole souled man, and mean to present him with a free ticket for life on all of *their* boats.

FATAL ACCIDENT.—Yesterday morning a lad named Franz Hermans, 12 years of age, fell through from the 3d floor of Friend Brothers store to the first floor, striking upon his head. He was so severely injured that he lived but a few minutes.

FIREMAN'S FUNERAL.—The Funeral of H. H. WALKER, deceased member of Engine Co. No. 2, takes place on Wednesday, the 9th inst., at 4 o'clock P. M.—All Firemen are respectfully invited to attend.

N. B. All Firemen who attend, will meet at the House of No. 2, at 3½ o'clock.

D. SHULTZ, Foreman.

PERSONAL.—Rev. President C. G. FINNEY preached in Chicago on Sunday last, and passed through Milwaukee yesterday, en route for Oshkosh, on a short visit to his son. He may return to this city about the last of this week, and may possibly be persuaded to pass the Sabbath and give us one sermon here. If so, the largest house that can be obtained will be filled of course.

CELEBRATION OF THE FOURTH AT FOX LAKE.—The people of Fox Lake and vicinity had a glorious time on Friday last. We have a report of the doings, which will appear to morrow.

REAL ESTATE SALE THIS MORNING.—CRAMPTON sells at auction this morning a good brick dwelling in the 7th Ward, and a lot on Market Square, opposite the Post Office. It is desirable property, and there will be a chance for good bargains with either lot. See his advertisement.

SPECULATORS, ATTENTION!!!

EIGHT COUNTRY SEATS, of 20 acres adjoining each other, within one mile of the city limits, for sale. A golden opportunity for a profitable investment.

Having determined to retire from the profession, and to remove from the State, I now offer for sale my homestead of 160 acres, one mile south of the city limits, and 2¾ miles from the Walker's Point bridge. It is situated upon four corners and hence has a

MILE OF ROAD AROUND IT,

And cutting it up into eight lots of twenty acres each, with equal fronts upon the road, will give 8 magnificent country seats upon the choice of two roads, or four residences upon each road, with forty rods front to each residence, from all of which, when the intervening timber is removed, the City and Lake will both be in view.

The farm has ever been esteemed the best of its size in Milwaukie County. It is a warm, rich, gravel loam, especially adapted to fruit and vegetables, and may be divided into four Farms of forty acres each, in a square form, and have living and durable water upon each forty acres, and not a rod of waste in the whole, or any but the best quality of land.

Sixty acres of the farm is now in a good state of profitable cultivation (one half thereof in meadow), with over forty acres thereof, where the stumps do not average more than one to the acre. Two indifferent log cabins, both occupied, and a well finished frame barn, 40 by 44 feet and upon the premises. A thrifty young orchard of *ninety bearing apple trees.*

NINETY ACRES OF THE FARM
IS STILL COVERED WITH A
Heavy Growth of Unculled Timber,

two thirds of which is sugar maple, interspersed with about 500 large white oaks (of the best quality for ship, stave and wagon timber,) and half a dozen black walnut trees, alone worth $15 per tree standing on the ground.

The timber, alone, upon the farm, is estimated to be worth, for cord wood only, over $10,000.

Having owned the farm some ten years, and during a portion of the time cultivated it with my own hands, and hitherto designed it as my homestead, I am unwilling even now, *though I have made up my mind to sell it*, to break it up and sell in parcels. To one, or eight, or more, I will sell it all at once, for such price as will make it the best purchase that has been made near or in Milwaukie, within the last two years. PETER YATES.

The Russians have destroyed the fortifications at Reni and Ismail, and the Turks say they were promised by the Allies that they should be preserved.

It is said that, by Russia's mediation, an arrangement has been made between Denmark and the U. S., by which the Sound dues will be paid till June, 1857.

CONGRESSIONAL.

WASHINGTON, June 7th.

SENATE.—Mr. Cass said in the remarks he proposed to make on this occasion, he should not much advert to the particular improvement provided for in the bill before the Senate, the importance of which had been so ably and so eloquently set forth by the two Senators from Louisiana. As to the improvements at St Mary's river and St Clair flats, in which his constituents were immediately interested and which had also been vetoed by the President, no man could fail to perceive that the views of the President had undergone a radical change relative to the subject since he sent in his veto message on the River and Harbor bill two years ago. On that occasion he declared while he could not sustain this because it contained *some* objectionable items, yet there were some meritorious objects, and if separate bills making appropriations for them were sent to him he would approve and sign them. This was precisely the course the Senate pursued—if any objects were national and constitutional certainly those in the bills which *the President recently vetoed* would come under that head. Mr Cass argued in favor of the constitutionality of these improvements, quoting the views of Jackson and Calhoun to sustain him in his position.

The question was then taken shall the bill pass, the objections of the President to the contrary notwithstanding—the vote resulting *in ayes 31, nays 12*. The chair announced ⅔ of those present having voted for the bill it was *passed*.

Mr. Mason thought it required ⅔ of all the members of the Senate, and appealed from the decision of the chair.

A discussion ensued, in which Messrs Seward, Benjamin Thompson, of Ky., Slidell, Crittenden, and others sustained the chair, and Messrs Butler, Clay, Toombs, Mason and others opposed the decision. A vote being taken, the chair was sustained by 34 ayes against 7.

The Senate passed the St. Mary's River and St. Clair Flats improvement bill over the President's veto—the former by 28 against 10—the latter by 28 against 8.

The House bill for the admission of Kansas was referred to the Committee on Territories. Adjourned.

HOUSE.—A message was received from the President relative to appropriations heretofore made for the purpose of procuring from Hiram Powers the sculptor, some work of art to adorn the Capitol. The House ordered to be engrossed for a third reading the bill providing for a settlement of the claims of the officers of the Revolution, and and the widows and orphans of those who died in the service.

Mr. Houston moved a suspension of the rules in order to act on the Senate's resolution fixing a day for the adjournment of Congress. Negatived by 74 against 98.

The senate bill authorizing the people of Kansas to form a constitution and state government, was ordered to be printed. Mr. Campbell of Ohio, asked leave to offer a resolution for the appointment of a select committee by the speaker, to report a bill for the adjustment of difficulties *in Kansas, embracing a provision for the restoration* of the Missouri Compromise, the protection of voters—the removal of test oaths, &c. Mr. Cobb, of Ga., said the Senate bill was good enough for him and moved to adjourn.

"PRO BONO PUBLICO"

W. LAIDLAW'S LAND AGENCY, office 290 East Water Street, 2 doors south of Walker House. I beg to return thanks to the public for the liberal patronage bestowed upon me during the time I have been engaged in the real estate business, and I do so with all the more pleasure on account of having received the most striking proofs of the manner in which my services are appreciated. Those who have patronized me know well, and will cheerfully testify to the advantages which I offer. My principles are straight forward, honorable and honest. I never require any one leaving the sale of property in my hands to sign any written obligation of whatever nature or kind soever, binding him to pay a commission, and will not adopt the principle of "*No sale no charge.*" The great increase of business has compelled me to enlarge my office, which, now being finished, is the most convenient and desirable in the city, and as the list of property I offer for sale is second to none, I would strongly recommend those who wish to be well served to make my office their head quarters. I have prepared a new map of the city, which exhibits at one glance, and in striking colors, all the best and most desirable property offered for sale. may17

REFRIGERATOR.

THE public are invited to call and examine this article to satisfy themselves before purchasing elsewhere, being the only kind made in the world that are perfectly free from

Moisture, Mould, Must, and Impure Flavor.

The ice chamber is so constructed that a current of air is admitted which, coming in contact with the cold surface of the chamber, the moisture is condensed, and a dry current of cold air is produced, passing into the preserving chamber at the bottom—thence, as the warmth is extracted from the articles placed therein, it expands and rises through the wire shelves, absorbing the moisture, and passing out at the highest point into the external atmosphere, thus maintaining a *continual current of dry cold air, increasing* its preserving qualities 10 to 15 degrees, (that is to say, if the temperature is 46 degrees in dairy,) it will preserve meats and vegetables better than a moist temperature at 45 degrees.

THE DAILY SENTINEL.

Tuesday Morning, July 8.

CITY MATTERS.

POLICE COURT, JULY 7.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

John O'Brien was fined $2 for shooting within the city limits. Henry Bennet, drunk, fined $1; Timothy O'Brien, do; John Morrison, do; Martin Gorraly, disorderly, $3; J. Wood, drunk and disorderly, $1; A. Schmidtner, fast driving on bridge, $2; Thomas Finnegan, shooting within the city limits, $2.

Ella Fletcher, charged with being drunk and disorderly discharged.

FIRE.—Between 6 and 7 o'clock Sunday morning fire was discovered in the upper story of the Phoenix Mills on the Water Power, belonging to Messrs. W. & E. SANDERSON. The alarm spread slowly, and some time elapsed before the Department got upon the ground.—Meanwhile the fire had made considerable progress and threatened the entire destruction of the building. The firemen, however, went to work in good earnest and soon had six powerful streams playing upon the building. The torrent of water speedily extinguished the flames and saved the building at the expense of the attic and roof and a thorough drenching. Loss about $4,000, which is covered by insurance. But for the good management and zealous efforts of our Firemen, the loss would have been very heavy.

Notices of Books.

GOSPEL FRUITS; or Bible Christianity Illustrated; A Premium Essay; By MARIA GOODELL FROST.

WALTER BROWNING; or the Slave's Protector; founded on fact.

GERTRUDE LEE; or the Northern Cousin, by a Lady.

HARRIET and ELLEN, or the Orphan Girls.

We have from E. TERRY & Co. the above little books, published at Cincinnati by the American Reform Tract and Book Society. The first named is a prize essay by a lady residing at Janesville, in this state.

The avowed object of the Society, from whose press these books are issued, is to (we quote from their circular)—"Publish such Tracts and Books as are necessary to awaken a decided, though healthful, agitation on the great questions of Freedom and Slavery. This is its primary object, though its constitution covers the broad ground of 'promulgating the doctrines of the Reformation, to point out the application of the principles of Christianity to every known sin, to show the sufficiency and adaptation of those principles, to remove all the evils of the world, and bring on a form of society in accordance with the Gospel of Christ.'"

Success in such a work must be wished for the Society by every good citizen and lover of freedom.

BLACKWOOD FOR JUNE.—We are indebted to the publishers, Leonard Scott & Co., N. Y., for an early copy of Blackwood for June. It is rich in attractive reading. Among the contents are: Part I of "The Athelings, or the three Gifts," a new story; "Winter Sketches;" "Travels in Circassia," part II of "The Metamorphoses;" "The Naval Review;" and "Speculations on the Future."

The publishers desire us to warn our readers against a deaf mute, who passes himself off as their agent, and signs receipts for subscriptions to their and other publications. He is an impostor.

AGENT OF THE N. Y. CENTRAL RAIL ROAD.—It gives us great pleasure to copy the following paragraph from the Buffalo *Courier*, of July 3d. Capt. COTTON is so well and so favorably known to our readers, that it would be superfluous to say a word in his praise. The New York Central R. R. Company could not have made a better selection in our State. Capt. COTTON, we are happy to hear, will once more make Milwaukee his head-quarters:

> We learn that the New York Central Railroad Company have appointed L. H. Cotton their General Agent for Wisconsin and Minnesota, and that Captain C., will enter at once upon the discharge of his new duties. The Company are fortunate in securing the services of one so competent to look after their interests: and who, from his extensive acquaintance and "troops of friends" in the Northwest, will prove one of their most valuable agents.

CORRECTION.—We were in error in stating yesterday that Mr. HARRINGTON, formerly connected with Howard & Rorick's Commercial College, had become connected with BAYLIES & LINCOLN'S establishment. We learn that Mr. HARRINGTON, who has been conducting the former concern for some time past, has sold out his interest in it to Messrs. B. & L., and has left the business, so that the institution conducted by the latter is now the only one of the kind in the city.

COMMON COUNCIL PROCEEDINGS LAST NIGHT.—An ordinance to compel sail vessels to pass through the bridges by means of tugs or other steam power, was passed.

The plans and specifications of Huron Street Bridge were laid before the Council and adopted.

The Harbor Committee and Comptroller were authorized to contract for the dredging of the Milwaukee river from Spring street to Cherry street.

WATERWITCH, No. 2, OF JANESVILLE.—This fine company of firemen returned home on Saturday morning, having behaved like men throughout their expedition, made themselves many friends, and created a good impression of the Janesville boys among all who became acquainted with them, always including the "girls they left behind them" at Beaver Dam, disconsolate.

LAUNCH TO-DAY.—The new vessel just finished by Capt. Barber will be launched to-day at 2 o'clock P. M. She is a splendid model and does credit to her builder. After the launch she will be taken up the river in tow of the Tug, accompanied by a band of music.

She is owned by Philip Lawrence and Capt. Saveland of the Josephine Lawrence. Capt. Saveland will transfer his colors to the new vessel.

RISE IN LARD OIL.—Messrs. Patton & Williams give notice that they have this day received advices of the rise of Lard and Lard Oil, in Cincinnati and St. Louis, and that from this time until further notice, their prices for Oil will be five cents per gallon advance from the old rates.

STEAMER ARCTIC.—A party from our city who took a trip hence to Sheboygan and back with Capt. McKAY, of the steamer *Arctic*, on Saturday, desire us to acknowledge for them his constant attention to their comfort, and to say that they have voted him unanimously a whole-souled man, and mean to present him with a free ticket for life on all of *their* boats.

FATAL ACCIDENT.—Yesterday morning a lad named Franz Hermans, 12 years of age, fell through from the 3d floor of Friend Brothers store to the first floor, striking upon his head. He was so severely injured that he lived but a few minutes.

FIREMAN'S FUNERAL.—The Funeral of H. H. WALKER, deceased member of Engine Co. No. 2, takes place on Wednesday, the 9th inst., at 4 o'clock, P. M.—All Firemen are respectfully invited to attend.

N. B. All Firemen who attend, will meet at the House of No. 2, at 3½ o'clock.

D. SHULTZ, Foreman.

PERSONAL.—Rev. President C. G. FINNEY preached in Chicago on Sunday last, and passed through Milwaukee yesterday, en route for Oshkosh, on a short visit to his son. He may return to this city about the last of this week, and may possibly be persuaded to pass the Sabbath and give us one sermon here; if so, the largest house that can be obtained will be filled of course.

CELEBRATION OF THE FOURTH AT FOX LAKE.—The people of Fox Lake and vicinity had a glorious time on Friday last. We have a report of the doings, which will appear to-morrow.

REAL ESTATE SALE THIS MORNING.—CRAMPTON sells at auction this morning a good brick dwelling in the 7th Ward, and a lot on Market Square, opposite the Post Office. It is desirable property, and there will be a chance for good bargains with either lot. See his advertisement.

☞ BOYLE sends us the London *Illustrated News* of June 21st.

TERRY & Co. send us the "*Country Gentleman*" of July 3d, and *Ballou's Pictorial* of July 12th.

Wholesale Business Men, Capitalists
—AND—
SPECULATORS, ATTENTION!!!

EIGHT COUNTRY SEATS, of 20 acres adjoining each other, within one mile of the city limits, for sale. A golden opportunity for a profitable investment!

Having determined to retire from the profession, and to remove from the State, I now offer for sale my homestead of 160 acres, one mile south of the city limits, and 2½ miles from the Walker's Point bridge. It is situated upon four corners, and hence has a

MILE OF ROAD AROUND IT,

And cutting it up into eight lots of twenty acres each, with equal fronts upon the road, will give 8 magnificent country seats upon the choice of two roads, or four residences upon each road, with forty rods front to each residence, from all of which, when the intervening timber is removed, the City and Lake will both be in view.

The farm has ever been esteemed the best of its size in Milwaukie County. It is a warm, rich, gravel loam, especially adapted to fruit and vegetables, and may be divided into four Farms of forty acres each, in a square form, and have living and durable water upon each forty acres, and not a rod of waste in the whole, or any but the best quality of land.

Sixty acres of the farm is now in a good state of profitable cultivation (one half thereof in meadow,) with over forty acres thereof, where the stumps do not average more than one to the acre. Two indifferent log cabins, both occupied, and a well finished frame barn, 40 by 44 feet, and upon the premises. A thrifty young orchard of *ninety bearing apple trees.*

NINETY ACRES OF THE FARM
IS STILL COVERED WITH A
Heavy Growth of Unculled Timber,

two thirds of which is sugar maple, interspersed with about 500 large white oaks (of the best quality for ship, stave and wagon timber,) and half a dozen black walnut trees, alone worth $15 per tree standing on the ground.

The timber, alone, upon the farm, is estimated to be worth, for cord wood only, over $10,000.

Having owned the farm some ten years, and during a portion of the time cultivated it with my own hands, and hitherto designed it as my homestead, I am unwilling even now, though I have made up my mind to sell it, to break it up and sell in parcels. To one, or eight, or more, I will sell it all at once, for such price as will make it the best purchase that has been made near or in Milwaukie, within the last two years. PETER YATES.

CONGRESSIONAL.

WASHINGTON, June 7th.

SENATE.—Mr. Cass said in the remarks he proposed to make on this occasion, he should not much advert to the particular improvement provided for in the bill before the Senate, the importance of which had been so ably and so eloquently set forth by the two Senators from Louisiana. As to the improvements at St. Mary's river and St. Clair flats, in which his constituents were immediately interested and which had also been vetoed by the President, no man could fail to perceive that the views of the President had undergone a radical change relative to the subject since he sent in his veto message on the River and Harbor bill two years ago. On that occasion he declared while he could not sustain this because it contained some objectionable items, yet there were some meritorious objects, and if separate bills making appropriations for them were sent to him he would approve and sign them. This was precisely the course the Senate pursued—if any objects were national and constitutional certainly those in the bills which the President recently vetoed would come under that head. Mr. Cass argued in favor of the constitutionality of these improvements, quoting the views of Jackson and Calhoun to sustain him in his position.

The question was then taken shall the bill pass, the objections of the President to the contrary notwithstanding—the vote resulting in ayes 31, nays 12. The chair announced 23 of those present having voted for the bill it was *passed.*

Mr. Mason thought it required 23 of all the members of the Senate, and appealed from the decision of the chair.

A discussion ensued, in which Messrs. Seward, Benjamin Thompson, of Ky., Slidell, Crittenden, and others sustained the chair, and Messrs. Butler, Clay, Toombs, Mason and others opposed the decision. A vote being taken, the chair was sustained by 34 ayes against 7.

The Senate passed the St. Mary's River and St. Clair Flats improvement bill over the President's veto—the former by 28 against 15—the latter by 28 against 8.

The House bill for the admission of Kansas was referred to the Committee on Territories. Adjourned.

HOUSE—A message was received from the President relative to appropriations heretofore made for the purpose of procuring from Hiram Powers, the sculptor, some work of art to adorn the Capitol. The House ordered to be engrossed for a third reading the bill providing for a settlement of the claims of the officers of the Revolution, and and the widows and orphans of those who died in the service.

Mr. Houston moved a suspension of the rules in order to act on the Senate's resolution fixing a day for the adjournment of Congress. Negatived by 74 against 98.

The senate bill authorizing the people of Kansas to form a constitution and state government, was ordered to be printed. Mr. Campbell of Ohio, asked leave to offer a resolution for the appointment of a select committee by the speaker, to report a bill for the adjustment of difficulties in Kansas, embracing a provision for the restoration of the Missouri Compromise, the protection of voters—the removal of test oaths, &c. Mr. Cobb, of Ga., said the Senate bill was good enough for him and moved to adjourn.

"PRO BONO PUBLICO."
W. LAIDLAW'S LAND AGENCY, Office 230 East Water Street, 2 doors south of Walker House. I beg to return thanks to the public for the liberal patronage bestowed upon me during the time I have been engaged in the real estate business, and I do so with all the more pleasure on account of my having had such striking proofs of the manner in which my services are appreciated. Those who have patronized me know well, and will cheerfully testify to, the correctness with which my principles are straight-forward, honorable and honest. I never require any man to place a single dollar in my hands, to sign any written obligation of whatever nature or kind soever, binding him to pay a commission anyhow, but adopt the principle of "No sale no charge." The great increase of business has compelled me to enlarge my office, which, now being finished, is the more convenient and desirable in the city, and as the list of property I offer for sale is second to none, I would strongly recommend those who wish to be well served to make my office their head quarters. I have prepared a new map of the city, which exhibits at one glance, and in striking colors, all the best and most desirable property in the city. may17

There are on said farm one large frame house, and one large frame barn and many number of sheds, &c., a fine orchard, bearing fruit, and a running stream with a considerable fall, the dam is built and a large portion of timber collected on the premises for the erection of a mill, which in that neighborhood would prove a highly paying investment. The property is owned jointly by two parties who are desirous to come to a settlement of their joint interests, and for this reason offers a rare chance for an enterprising man. W. LAIDLAW.
